In order to ensure the growth of our Fund and year by year to be able to play a greater part in providing financial assistance to places of worship for the provision and maintenance of pipe organs, the stated policy of the Trustees is to retain all donations and legacies as capital. The interest received (after administrative expenses of the charity have been met) is disbursed as grants. Supporters of the Fund, whether through donations or legacies, accept that their donations will be used to increase the capital of the Fund and will therefore help to provide long-term benefit.
